copies, the largest paid circulation of
 any daily paper in this section.

Witte is now receiving the reaction
 of sentiment which is sure to follow a
 tidal wave of popularity.

Dr. Pearsons speaks of Rockefeller's
 "Jovial personality." Whew! That
 ought to be written in oil.

The millinery and the game seasons
 come contemporarily, thus allowing both
 man and woman to begin their hunting
 at the same time.

It is now said that consumption is
 one of the most easily cured of all dis-
 eases. If so, the people would like to
 see the cure in operation and working
 over-time, in fact.

Yale's publicity agency is not to be
 outdone by the Harvard press agent,
 for announcement is now made that a
 real French count is a candidate for the
 Yale football eleven. The big univer-
 sities feel the benefits of advertising.

Mr. DeBoer will cut quite as fine a
 figure at Montpelier today as Mr. Mc-
 Call of the New York Life has been
 cutting on the witness stand for the
 last two weeks. Lyndonville Journal.

Which scarcely makes a comparison
 creditable to the Vermont man.

Attorney General Fitts is about as
 near ubiquitous as a man can be; and
 he certainly is busy. The unfortunate
 things about it, however, is the fact
 that he is busy on murder trials. He
 no sooner finishes the prosecution of
 one respondent than he takes up an-
 other.

While the entries for the govern-
 ship are not yet closed, the lieutenant
 governor nomination is not being over-
 looked. George F. Leland of Spring-
 field having announced his candidacy
 for the Republican nomination some time
 since, George F. Prouty of Newport now
 tells his friends that he also is in the
 race.

That an official census is not always
 reliable is evident by the situation in
 Worcester, Mass. The Worcester Tele-
 gram was not satisfied with the state
 census returns of its city and finally
 prevailed upon the census director to
 make a recount. The recount is now
 being made, and hundreds of names have
 been found that were left off the first
 count. It is confidently expected that
 the population of Worcester will be
 found to be several thousands larger
 than reported.

There will be a special
 communication of Granite

 o'clock. Work on Fellow

FOUND IN BED.

Harry E. Brown, Missing Hotel Man,
 Finally Located.

Laconia, N. H., Oct. 6.—Harry E.
 Brown, who mysteriously disappeared
 from his home on Long Island, Lake
 Winnepesaukee, last Monday, was found
 in bed in a cottage a short distance
 from the hotel yesterday. He had slept
 seventy-two hours.

Beyond being weak from going with-
 out food for that length of time, he
 seemed in good physical condition. He
 was taken to the hotel, and after eat-
 ing appeared as well as ever. Dr. Salt-
 marsh of Lakeport was called to Long
 Island to attend him.

Brown said that on Monday he was
 suffering from stomach trouble and that
 he entered the cottage through a window
 and went to bed, in order to get a good
 rest. He did not seem to realize how
 long he had been there.

The cottage in which he was found
 is seventy-five feet from the hotel, but
 as it was shut for the winter and the
 keys were in the hotel, no one thought
 of looking there for him. The search-
 ing party scoured the entire island be-
 fore they found the young man.

Dr. Saltmarsh, who was one of the
 searching party, was seen at his home
 after his return from the island. He
 stated that Brown appeared in good
 mental and physical condition, and that
 he did not anticipate any serious re-
 sults from his voluntary fast.

Three Years and a Small Fine.

Boston, Oct. 6.—Daniel Morrison, 19
 years old, who was alleged to be the
 leader of a group of youthful counter-
 feiter arrested a short time ago, was
 sentenced yesterday to three years at
 hard labor in the Suffolk county house
 of correction and a fine of \$1 was im-
 posed on him by Judge Lowell in the
 United States circuit court.

Samuel Fine, another member of the
 party, pleaded guilty but has not yet
 been sentenced, and there are against his
 wife, Mabel Fine, was not prosecuted.
 Morrison and the Fines were accused of
 making and passing illegal twenty-five
 and fifty cent pieces.

EQUALED HIS RECORD.

Dan Patch Stepped a Mile in 1:56 Yester-
 day.

Lexington, Oct. 6.—Ethel's Pride, the
 favorite yesterday won the classic Trans-
 ylvania stake in straight heats. It was
 the seventeenth renewal of this race.
 There were nine starters. In the first
 heat Turley finished second close up,
 Geers, driving Turley did not make his
 drive until too late. In the second heat
 Ethel's Pride took the lead and held it.
 Turley could not overtake her and fin-
 ished second with John Caldwell coming
 fast in the stretch and finished a good
 third. Ethel's Pride led by a length all
 the way in the third heat. Mainland
 made a gallant struggle and all but beat
 the Directum Mare in a heart breaking
 finish.

Ethel's Pride is owned by John Shep-
 herd of Boston and was driven by W. J.
 Andrews. The stake was worth \$5,000.
 Bonalet had no trouble in winning the
 three-year-old pacing futurity. Miss
 Kenney and A. Penn have each two
 heats in the first division of the 2:18
 trot, which was continued. The second
 division of the 2:18 trot was won by
 Mainstreet in a jog.

Dan Patch, the world's champion
 pacer, equalled his record of 1:56 yester-
 day and also broke the track record
 for the fastest mile ever trotted or
 paced over it. He was driven by H. C.
 Hearsey and his fractional time was
 29 1/4, 58 3/4, 1:27 1/4, 1:56.

LOCATION OF SANITARIUM.

Site for Proctor's Gift Is Proving a
 Problem.

Rutland, Oct. 6.—The Vermont state
 tuberculosis commission is having dif-
 ficulty in finding a location for the san-
 itorium for which Senator Redfield Pro-
 ctor recently gave \$150,000. There are
 numerous suitable locations in the moun-
 tain towns, Mt. Holly, Shrewsbury, Bran-
 don, Chittenden and Pittsford, all in the
 senator's home county, being the most
 favorable. Dr. W. N. Bryant of Ludlow,
 chairman of the commission, states that
 an expert will probably be called to Ver-
 mont from Saranac lake and the Ver-
 monters will rely on his advice. Senator
 Proctor is anxious to have the prelimi-
 nary arrangements completed in order
 that actual work may be commenced on
 the structure in the spring.

FIRE AT NORTHFIELD.

Barn of W. A. Blake Gutted by Fire
 Yesterday.

Northfield, Oct. 6.—A fire that badly
 gutted the barn of W. A. Blake, on Cen-
 tral street, broke out at 8:35 yesterday
 morning. The inside of the barn was al-
 most completely burned out, and in sev-
 eral places holes were burned through
 the roof and the stock of hay in the barn
 was destroyed. But the fire was kept
 out of the house and there was no water
 damage there as only a little was thrown
 into the house and that in the kitchen.
 Some of the furniture was moved out
 of the house, but was immediately
 brought back. Children playing with
 matches is the supposed cause of the
 blaze.

The September Weather.

Weather Observer Shaw at Northfield
 has published his meteorological sum-
 mary for the month of September. The
 mean temperature for the month was
 55.6 degrees, the maximum being 77 de-
 grees on the 10th and 30th, and the
 minimum 30 degrees on the 15th. There
 were twelve cloudy days, eleven partly
 cloudy and seven clear days. The mean
 temperature for this month for 19 years
 was 56 degrees. The absolute minimum
 23 degrees. The total precipitation for
 September, 1905, was 4.35. The mean
 temperature for the month of October
 for 18 years was 44 degrees.

WILL SAY NOT GUILTY.

Chicago Packers' Cases Before Judge
 Humphrey.

Chicago, Oct. 6.—The packers, whose
 recent attempt to abate the indictment
 found against them charging conspiracy
 to monopolize the meat industry of the
 country ended in failure, will on Monday
 next enter pleas of not guilty before
 Judge Humphrey. To all other counts
 in the indictment against them demur-
 rers will be filed today.

The demurrers are general and charge
 ambiguity, vagueness and uncertainty
 against seven of the counts and charge
 that in two of the remaining counts,
 double charges are contained. The de-
 murrers for the five indicted corporations
 will be filed separately, and the officials
 of the companies will demur as a unit.
 Men who have been indicted as agents
 will file separate demurrers.

All of the processes are similar, set-
 ting up the same facts. The attorneys
 for the packers last night announced
 that the men indicted are willing to
 stand trial on their pleas of not guilty
 of conspiracy to monopolize the meat in-
 dustry and of not guilty of acts in re-
 straint of trade and commerce.

 Night.

New York, Oct. 6.—At the memorial
 hospital this morning, it was stated that
 the condition of August Belmont, who
 was operated on for appendicitis yester-
 day, was good. The patient passed
 rather a restless night, but that was
 expected. A consultation of physicians
 will be held later in the day.

FALL RHEUMATISM

There are those who never know Fall is here until the leaves
 begin to turn. Others among us have a silent warning in the
 shape of a little twitch—an ache—a feeling as though a nail
 was being driven into their joints. That's Rheumatism. We
 know. We've felt it. We've tried lots of things for it, but
 nothing has been quite so good as Drown's Rheumatic
 Liniment. It's the result of many years' experience in
 treating this joint twisting disease.
